

recruiting now / Architectural Intern / Graduate

McVeigh Consultants are a multi-disciplinary team providing design services for construction projects. Our core purpose is to enhance peoples' lives by improving the quality of the built and natural environment.

Our clients have come to rely on McVeigh designs being elegant, simple, fit for purpose and the most appropriate solution possible. We have a strong reputation for developing designs that cannot be beaten by other consultants.

We are typically appointed as lead consultants on our client's projects. Information and design decisions flow smoothly, no frustrating delays or re-work due to outside influences, just work with your fellow team members to resolve all design issues.

Our core values are simple; our people enjoy their work, work as teams on great projects for good clients and add value to their own lives, our client's projects and our business.

Join Us /

We currently have an opportunity for an Architectural Intern/Graduate to join our team.

The successful candidate will work in an integrated team of architects, engineers and technicians in a diverse range of development sectors including residential, commercial, defence, retail and industrial sectors.

You will have intermediate REVIT skills and experience, exposure to high level concept design resolutions and details and have familiarity with contemporary building types.

When you join our team you will enjoy working in a bright, modern office with a great, energetic team. You will develop a close working relationship with your team leader and will be challenged to attain professional and personal growth. You will receive significant training in areas of interest to you in addition to being paid well for your contribution to our activities.

Skills and experience are important, but a fit between individuals and our organisational culture is our number one selection criteria. We base our corporate culture on the shared values of Design, Team, Client and Performance.
