

recruiting now / Structural Drafter

McVeigh Consultants are a multi-disciplinary team providing design services for construction projects. Our core purpose is to enhance peoples' lives by improving the quality of the built and natural environment.

Our clients have come to rely on McVeigh designs being elegant, simple, fit for purpose and the most appropriate solution possible. We have a strong reputation for developing designs that cannot be beaten by other consultants.

We are typically appointed as lead consultants on our client's projects. Information and design decisions flow smoothly, no frustrating delays or re-work due to outside influences, just work with your fellow team members to resolve all design issues.

Our core values are simple; our people enjoy their work, work as teams on great projects for good clients and add value to their own lives, our client's projects and our business.

Join Us /

Are you ready to join our team?

You will work in an integrated team of architects, engineers and technicians with responsibilities in completing drawings for the built environment, including a wide range of development types such as residential, commercial, retail, and industrial sectors. You will work with your fellow team members to help manage standards and design resources.

Your Skills

You will be familiar with contemporary construction techniques and software. Your ability to work well in a team and an eagerness to learn will be valuable to your success, accompanied by your well developed communication skills, both verbal and written.

This Role

This role is delivery focused with an opportunity to work collaboratively in multidisciplinary teams. With a strong eye for detail and a motivated and organised approach to your work, you will be working in a team with a focus on producing time efficient, quality solutions for our clients.

Your Career

When you join our team you will enjoy working in a bright, modern office with a great, energetic team. You will enjoy a close working relationship with your team leader, and will be challenged to attain professional and personal growth. You will receive significant training in areas of interest to you and the firm and will be paid well for your contribution to our activities.
