

Join us / **BIM Integration Manager**

McVeigh Consultants is an integrated architecture and engineering design practice.

McVeigh has been providing integrated architectural, engineering and project management services for over 20 years. The firm is well established, stable and has a solid future pipeline of work.

We are typically appointed as lead consultants or project managers on our client's projects. Information and design decisions flow smoothly, no frustrating delays or re-work due to outside influences, just work with your fellow team members to resolve all design issues.

Our core values are simple, our people enjoy their work, work as teams on great projects for good clients and add value to their own lives, our client's projects and our business.

If you are interested in moving to a role that will allow you to utilize your REVIT implementation skills within an integrated team environment, read on....

We are seeking a REVIT 'guru' who has 5+ years experience in the implementation of REVIT within an architectural or integrated design environment.

This role could suit an Architect / Architectural or Engineering Technician either as a 12 month implementation-focused contract, or a long-term career role as an Integrated Design Manager within our firm.

We are looking for a passionate BIM champion who will drive our integration efforts forward. You will be involved in a variety of projects, working closely with architects, engineers, technicians, external consultants as well as face-to-face time with clients.

We offer a generous training allowance, interesting projects, leading edge software and hardware, and most importantly, a friendly and dynamic work environment.

We are very keen to fill this role. If this sounds like you, please contact us immediately!

To find out more, please submit your CV and a covering letter by email to recruit@mcveigh.com.au
